### 4.1 Standing in the name of Cllr. Adrienne Wallace

"That the Carlow Municipal District acknowledges the ongoing crises in relation to housing and the cost-of-living, along with the concerns raised by third-level students in Carlow and nationally, in particular during the student-led walkouts held in October 2022. As such, the Municipal District shall write to the leaders of the three Coalition parties, as well as the Minister for Further and Higher Education and the Minister for Housing, raising the following points:

- That students continue to face an ever worsening crisis in relation to housing and the cost-of-living, with this having an impact on the education and livelihoods of students at present and into the foreseeable future;
- That the reduction in public transport costs as part of the Government's cost-of-living measures be maintained on a permanent basis, with the provision of free public transport for students being considered;
- That publicly owned vacant land and buildings be considered for secure, affordable, publicly owned Purpose Built Student Accommodation."

### 4.2 Standing in the name of Cllr. Adrienne Wallace
