4.0 Notices of Motion

4.1 Standing in the name of Cllr. Fergal Browne

"That Carlow County Council put in a columbarium or similar facilities to allow for ashes of those cremated to be inserted at St. Mary's Cemetery Carlow town."

4.2 Standing in the name of Cllr. Adrienne Wallace

"This Council notes that the town park and barrow track are popular spots for families to feed swans and other wildlife. In order to properly care for these birds this Council will provide signage informing people of the preferred food to feed swans. Particularly highlighting that green foods like lettuce and cabbage are better for swan's diets compared to bread etc."

4.3 Standing in the name of Cllr. Adrienne Wallace

"That this Council will place a number of 'bug hotels' in the town park and along the barrow track. A bug hotel is a manmade structure created to provide shelter for insects. Most consist of several different sections that provide insects with nesting facilities – particularly during winter, offering shelter or refuge for many types of insects. The benefits of these include hosting pollinators and educating people about their local environment. "
