"This MD writes to the minister responsible to call for reforms of Safety awareness training and in particular the Safepass course delivery and pricing.

This reform should include a consultation process with the pass holders, standardized pricing in line with the cost of processing, online facilities for renewal and flexibility and an end to current price gouging.

We also call for the current extension on expired cards to continue until the conclusion of said reform.

Building Workers Know your Rights are currently involved with a campaign to reform safepass, #renewfor32!"
